About AME

AME is the lead association for the mineral exploration and development industry based in British Columbia. Established in 1912, AME represents, advocates and promotes the interests of more than 5,000 members who are engaged in mineral exploration and development in B.C. and globally. AME encourages a safe, economically strong and environmentally responsible industry by providing clear initiatives, policies, events and tools to support its membership in delivering responsible projects that advance reconciliation and benefit all British Columbians.

AME Roundup 2025 is hosted on the traditional, unceded territories of the Coast Salish people, including the lands of the xʷməθkʷəy̍əm (Musqueam), Skwxwú7mesh (Squamish) and səliłwətał (Tsleil-Waututh) Nations. We are committed to creating pathways for Indigenous leadership and participation in mineral exploration and development.
