## About AME

AME is the lead association for the mineral exploration and development industry based in British Columbia. Established in 1912, AME represents, advocates and promotes the interests of almost 5,000 members who are engaged in mineral exploration and development in B.C. and globally. AME encourages a safe, economically strong and environmentally responsible industry by providing clear initiatives, policies, events and tools to support its membership in delivering responsible projects that advance reconciliation and benefit all British Columbians.

AME Roundup 2023 is hosted on the traditional, unceded territories of the Coast Salish people, including the lands of the xʷməθkʷəy̍əm (Musqueam), Skwxwú7mesh (Squamish) and səliłwətaʔ /Selilwitulh (Tsleil-Waututh) Nations. We are committed to creating pathways for Indigenous leadership and participation in mineral exploration and development.

# Prospectors' Tent

**Date:** Monday – Thursday  
**Time:** 9 AM – 4 PM (2:30 PM on Thursday)  
**Location:** Exhibit Hall

**Sponsored by:**

**RioTinto**

The Prospectors' Tent allows independent prospectors to showcase their mineral properties and hard-earned discoveries. Featuring hands-on displays of maps, rock samples, drill core, sketches, photographs and analyses, the Prospectors' Tent is the place to talk directly with explorers about properties with potential and perhaps make a discovery of your own.

*Prospectors' Tent participants as confirmed at the time of printing. For the latest information, please visit [roundup.amebc.ca](http://roundup.amebc.ca).*

# Poster Session

**Time:** 9 AM – 4 PM daily (2:30 PM on Thursday)

**Location:** Ballroom C

**Session Chairs:** Brady Clift, Geoscience BC; Nathan Clevin, Natural Resources Canada; Bronwen Wallace, BC Geological Survey

**Sponsored by:**

**Newmont**

The Poster Session is Canada's premier venue for dissemination and examination of applied mineral deposit and exploration geoscience research. Hosting presenters from leading government, academic and

industry research organizations, the Poster Session facilitates the sharing of pioneering work on the genesis and distribution of mineral resources throughout Canada, and beyond. The Poster Session also enjoys participation from graduate students working at universities across Canada and around the world, and AME is proud to promote the excellent work being done by the mineral deposit community. In addition to presenting cutting-edge research, student contributors will be competing for the most innovative, interesting and accessible economic geoscience presentation of the year.

## Opening Ceremony

**Time:** 8:30 AM – 10 AM  
**Location:** Ballroom A

**Sponsored by:**

Leaders and change-makers set the stage for AME Roundup 2023 at the Opening Ceremony. Chief Ian

Campbell will open the conference with a land acknowledgement, followed by remarks from industry and government and industry leaders.

Joins us for an address by British Columbia Premier David Eby and our conference keynote speaker, the winner of the Critical to Our Future Youth Speaker Competition.

# Technical Sessions

## Regional Overviews

**Time:** 10 AM – 12 PM

**Location:** Ballroom A

**Session Chair:** Jonathan Buchanan, AME

This signature session will provide an overview of mineral exploration and mining activities in British Columbia, Yukon and Alaska in 2022.

### 10 AM – Opening Remarks

#### 10:10 AM – BC Regional Overview

Gordon Clarke | Director, Mineral Development Office | BC Geological Survey

#### 10:35 AM – Yukon Regional Overview

Scott Casselman | Head of Minerals Geology | Yukon Geological Survey & Carolyn Relf | Director of Yukon Geological Survey | Energy, Mines & Resources

#### 11 AM – Alaska Regional Overview

Melanie Werdon | Geologist/Chief, Mineral Resources Section | Alaska Division of Geological & Geophysical Surveys

## Theme Session: Critical to Our Future

**Time:** 1:30 PM – 4 PM

**Location:** Ballroom A

**Session Chairs:** Shaun Barker, Mineral Deposit Research Unit; Mike Tucker, Karus Gold Corp.

Responsible mineral exploration and development are critical to addressing our global challenges.

The minerals and metals we discover ignite global supply chains, drive innovation and technological transformations, power new energy solutions and help achieve a low-carbon future. This session will examine how the specialist in our industry are 'Critical to Our Future'.

### 1:30 PM – Opening Remarks

#### 1:35 PM – Empowering geologists in the exploration process – maximizing data use from enabling technologies

Anthony Harris | Chief Geoscientist | Newcrest Mining Limited

#### 200 PM – Critical questions and challenges facing the future of geoscience: An industry perspective

Andy Wurst | Global Chief Geoscientist Project Generation | Barrick Gold Corporation

#### 2:25 PM – BHP Xplor: Accelerating Exploration of Critical Resources

Libby Sharman | Superintendent Geology Canada | BHP Xplor

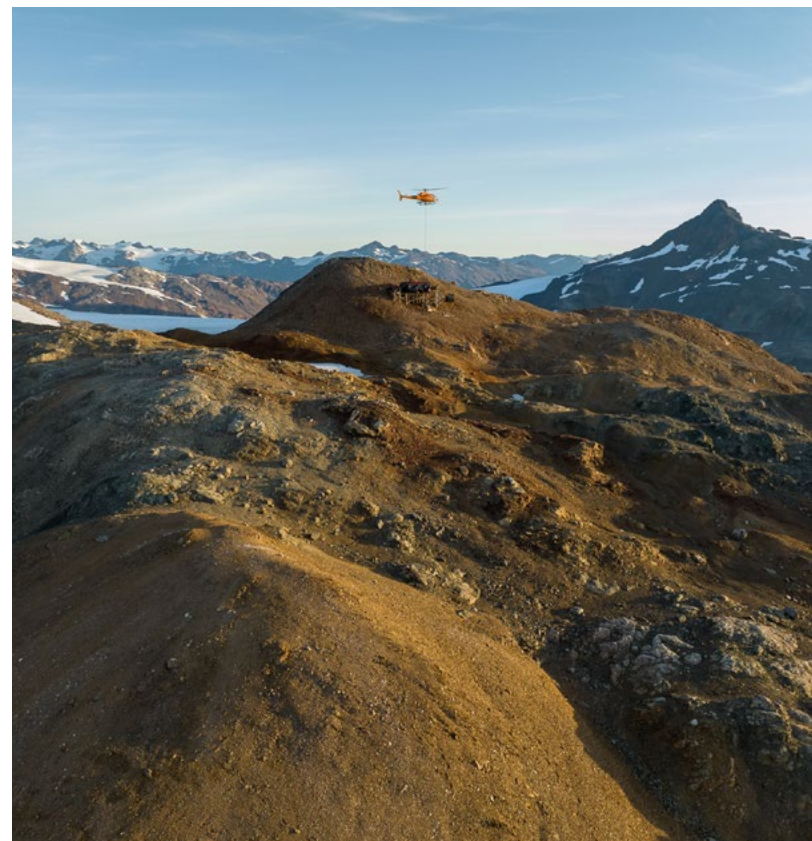

#### 2:50 PM – Regeneration: Re-mining for critical and economic minerals and land restoration

David Turner | Senior Geoscientist | Regeneration

#### 3:15 PM – Innovative biotechnologies for sustainable mining and remediation

Vikram Yadav | CEO and Co-Founder | Tersa Earth Innovations

### 3:40 PM – Q&A

# Targeted Sessions

## Government-Industry Forum

**Time:** 1:30 PM – 4 PM

**Location:** Ballroom B

**Session Chairs:** Jonathan Buchanan, AME; Kendra Johnston, AME

**Sponsored by:**

The need for critical minerals to advance our climate goals is real. Our industry has generational opportunity to seize the future and help the population transition to a low carbon future. This session will discuss the critical nature of our industry, the needs for increased extraction, and how we balance that need with social, regulatory, biodiversity, reconciliation goals.

## 1:40 PM – Critical Minerals and Competitiveness Panel

### Remarks:

Kendra Johnston | President & CEO | AME

### Panellists:

Hon. Jonathan Wilkinson | Minister of Natural Resources | Government of Canada (TBC)  
Hon. Josie Osborne | Minister of Energy, Mines and Low Carbon Innovation | Government of BC  
Hon. George Pirie | Minister of Mining | Government of Ontario  
Hon. Caroline Wawzonek | Minister of Industry, Tourism and Investment | Government of the Northwest Territories

## 2:50 PM – Permitting in the Age of the Declaration on the Rights of Indigenous Peoples Act

### Remarks:

Peter Robb | Assistant Deputy Minister | BC Ministry of Energy, Mines and Low Carbon Innovation (EMLI)

### Panellists:

Danielle Smyth | Executive Director, Regulatory Negotiations | BC Environmental Assessment Office  
Jordan Dickie | Senior Advisor, Indigenous Relations | EMLI  
Jen Stuart | Executive Director, Major Mines Office | EMLI  
Michelle Tanguay | Environmental and Social Performance Professional | 2Tango Consulting

# Events & Networking Opportunities

## Student Poster Presentations

**Time:** 12 PM – 1 PM

**Location:** Ballroom C

In addition to presenting in the poster session, student researchers may deliver a Student Soapbox presentation during the Poster Session.

**Sponsored by:**

## AME Keynote Lunch

**Time:** 12 PM – 1:30 PM

**Location:** Meeting Room 1/2/3

### Mining's Critical Role in Our Future, A Regeneration Lens

**Keynote:** Stephen D'Esposito | CEO | Regeneration

Event ticket required

Mining has a critical role to play in our future, but there is much to figure out to be able to upscale at the rate the world needs. This engaging presentation will discuss how innovation and technology can help us make the most of what we have and know today while preparing for the future.

# Events & Networking Opportunities

## Exhibit Hall Happy Hour

**Time:** 4 PM – 5 PM  
**Location:** Exhibit Hall

Catch up with colleagues, view the Posters and take the opportunity to tour the Exhibit Hall, Core Shack, Prospectors Tent and Project Generators Hub during Happy Hour in the Exhibit Hall on Monday, Tuesday and Wednesday.

**Sponsored by:**

## Exploring for a Cure: A BC Cancer Foundation Fundraiser

Partner Event  
**Time:** 5 PM – 9:30 PM  
**Location:** Meeting Room 1/2/3

Event ticket required

Exploring for a Cure is an exclusive fundraising event connecting British Columbia's philanthropic mineral exploration and development industry with the BC Cancer Foundation to support its vital, world-class research. AME is organizing this fundraising event during AME Roundup 2023 in partnership with the BC Cancer Foundation.

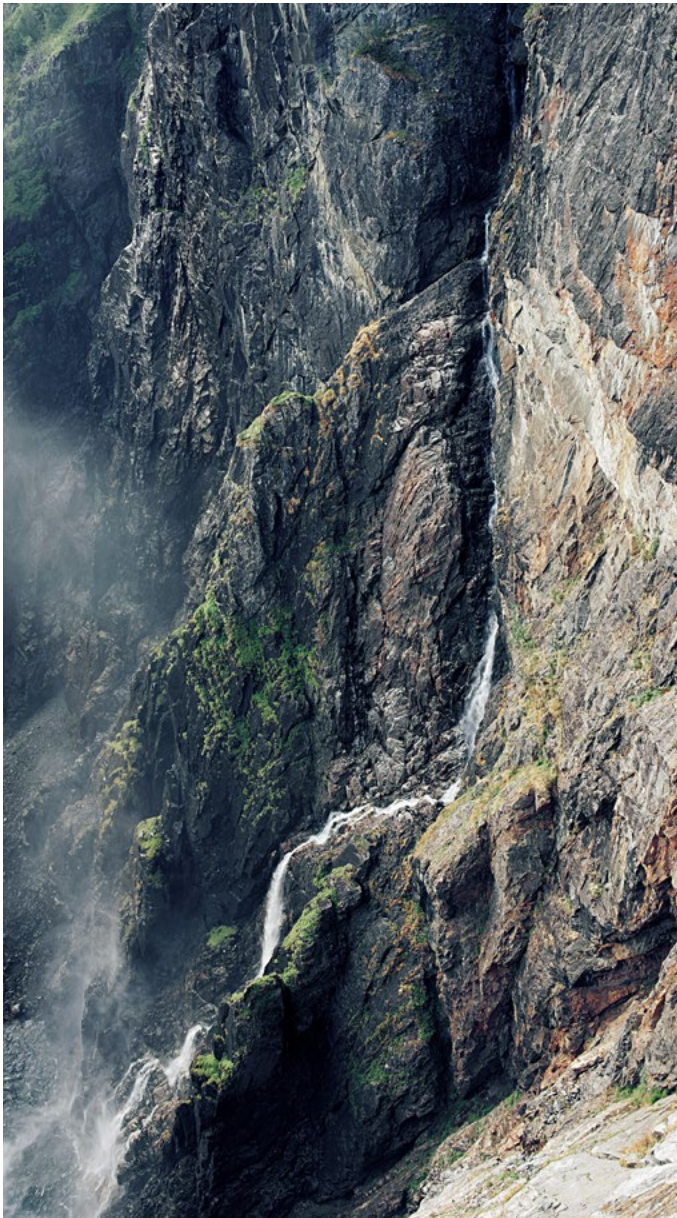

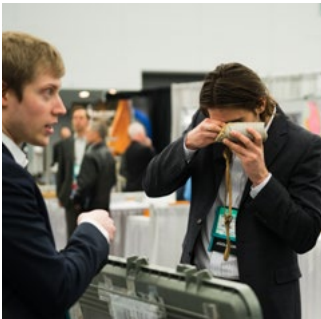

## Curling Bonspiel

**Time:** 4 PM – 8 PM  
**Location:** Offsite - Vancouver Curling Club at Hillcrest Centre

Registration required

Join us for a rousing evening of sliding and sweeping, as the Curling Bonspiel returns to AME Roundup 2023. Food and drinks will be provided and a bus will be available to and from the Vancouver Convention Centre, departing at 3:45 PM.

### New Geoscience

**Time:** 9 AM – 11:30 AM

**Location:** Ballroom A

**Session Chair(s):** Nathan Clevon, Natural Resources Canada; Bronwen Wallace, BC Geological Survey; Britt Bluemel, ALS GoldSpot Discoveries Ltd.

**Sponsored by:**

The New Geoscience Session showcases the results of frontline geoscience initiatives bringing forward new ideas on the regional geology of the Cordillera and their bearing on mineralization. Topics will range from regional syntheses of important metallotects to focused studies highlighting new investigative approaches.

### 9 AM – Opening Remarks

#### 9:05 AM – Geology and mineralization of Yukon Tanana terrane in the Big Salmon Range, Southern Yukon

David Moynihan | Project Geologist | Yukon Geological Survey

#### 9:25 AM – Geology of the Rackla River area, east-central Yukon

Tyler Ambrose | Project Geologist | Yukon Geological Survey

### 9:45 AM – Building a geologic framework for mineralization in eastern Interior Alaska

Evan Twelker | Mineral Resources Geologist | Alaska Division of Geological & Geophysical Surveys

### 10:05 AM – An update on the stratigraphic controls and mineralization styles in the Stikine terrane, British Columbia

Luke Ootes | Senior Minerals Geologist, Gold | British Columbia Geological Survey

## Critical and Base Metals

**Time:** 1:30 PM – 4 PM

**Location:** Ballroom A

**Session Chairs:** Ross Gordon, Sprott Resource Lending; Tony Scott, Gatos Silver Inc.

Base metals and battery minerals are the foundation of the energy transition. These minerals are critical inputs for everything from solar panels to capture renewable energy, the batteries to store it, cables to transport it and motors to use it. During this session we will hear from companies who have had recent success finding new deposits of these important elements showcasing the exploration methods they used to guide them.
